- ACTIVITIES PROMOTING R-LADIES PARIS
- OVERVIEW OF OUR MEETUPS IN 2023

ABOUT US

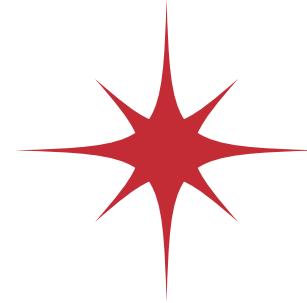

Founded in 2016, R-Ladies Paris is a local chapter of R-Ladies Global, a global organization that promotes diversity in the **#RStats** community and provides a friendly support network for R enthusiasts worldwide.

Our mission is to bring R users together, fostering a collaborative environment where individuals can learn from each other.

To ensure accessibility, we regularly record our meetups and share replays on our YouTube channel. A dedicated GitHub page provides comprehensive summaries of the meetups we organize, and is available on [here](#).

R-Ladies Paris is committed to providing a respectful, harassment-free community for everyone. You can find our CoC [here](#).

ACTIVITIES PROMOTING R-LADIES PARIS

1

Mouna presented the R-Ladies Paris community at the “Rencontres R” local conference dedicated to R users, held in Avignon, France, in June 2023.

2

Mouna was awarded the Opportunity Scholarship and had the chance to meet fellow R-Ladies members at the **posit:conf(2023)**, held in Chicago.

ACTIVITIES PROMOTING R-LADIES PARIS

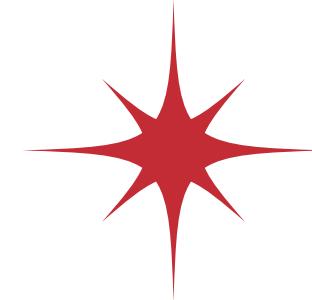

3

The screenshot shows a blog post on the R Consortium website. The title is "Highlights from R-Ladies Paris Hybrid Meetup Empowering Community Outreach". Below the title, it says "By R Consortium | November 16, 2023 | Blog". There is a QR code on the right. The main content discusses a hybrid event at R-Ladies Paris, featuring speakers Anna Doizy and Kim Antunez. It mentions the use of DataCraft for the virtual part of the meetups. A small note at the bottom says "We regularly post updates about our upcoming events on our Meetup group. Everyone is welcome to join us there."

We wrote a blog post about the hybrid meetup we organized with the support of the grant received from R Consortium.

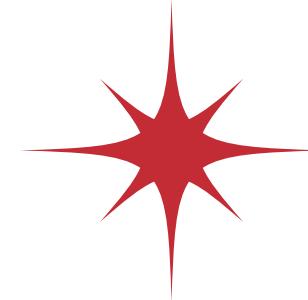

www.r-consortium.org/blog/highlights-from-r-ladies-paris-hybrid-meetup-empowering-community-outreach

4

Mouna was interviewed by the R Consortium, where she shared about her R journey and her experiences with R-Ladies.

OVERVIEW OF OUR MEETUPS IN 2023

QUARTO/RMarkdown - WHAT'S DIFFERENT?

1/11

01/12/2023

Online

English

Webinar

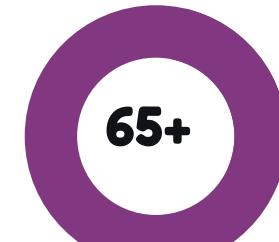

The screenshot shows the landing page for a Quarto/RMarkdown webinar. At the top left is the R-Ladies Paris logo with the Eiffel Tower. To the right are social media icons for Facebook, Instagram, LinkedIn, and Twitter, along with a share button. The main title is "Quarto/RMarkdown - What's Different?". Below it is the date and time: "January 12, 2023" and "7 pm CET". The speaker is "Ted Laderas, PhD Bioinformatics Trainer @ DNAexus". Logos for "quarto" and "rmarkdown" are present. At the bottom are links to the meetup page (meetup.com/r-ladies-paris/), YouTube channel ("R-Ladies Paris"), and Twitter handle (@RLadiesParis).

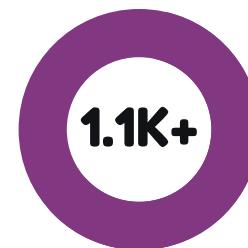

Show some of the new features of Quarto and how to get started with Quarto by adapting the R Markdown documents

{GLITTER} MAKES SPARQL : AN R PACKAGE FOR EXPLORING AND COLLECTING SEMANTIC WEB DATA

11/11

11/14/2023

Online

French

Webinar

The card features the R-Ladies logo with a purple 'R' and a grey 'Ladies' text next to a small Eiffel Tower icon. It includes social media links for Facebook, Instagram, LinkedIn, and Mastodon. A photo of Lise Vaudor, a woman with glasses and a pink shirt, is shown. Text on the card reads: '{glitter} makes SPARQL : glitter, un package R pour explorer et collecter des données du web sémantique'. Below this, it says 'Mardi 14 novembre 2023 zoom 12h30 - 13h30 CET' and shows the 'glitter' logo. A box on the right lists 'Lise Vaudor Ingénierie de recherche CNRS @ UMR 5600'. At the bottom, there are links for 'meetup.com/r-ladies-paris/' and 'R-Ladies Paris' on YouTube, along with a Mastodon handle 'mastodon@rladies_paris'.

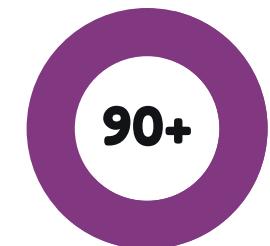

Learn about {glitter}, a French R package for exploring and collecting data from the semantic web
